2. From the Sign In Screen, click the Create a new Account link.

3. The Create a New Account Screen appears with Personal Account entered in the Account Type field. Fill in the fields on the Create a New Account Screen. When you have completed the fields, click Save Changes.

4. If all the information was accepted, a message appears that provides your user name and password. Click OK. You will be automatically logged in as a personal user. You should note the user name and password you created so you can log in at a future session.

If you have forgotten your password, you can submit your user name to retrieve your password.

Help
If you cannot link to a full-text document, encounter any difficulties or have any questions please visit the library desk, or email libdesk@itcarlow.ie

Welcome to EBSCO Discovery Service (EDS)

What is EBSCO Discovery Service (EDS)?

EDS Discovery is the library's online search tool. It offers users a simple way of accessing the libraries electronic resources through a single search. It helps you to quickly find resources related to your subject without specifying a particular database(s) to search.

How to Search

EDS Discovery can be easily searched from the library homepage. Simply type keywords, titles or authors into the search box pictured below and click "Search". This will conduct a quick search of the library's electronic resources.

For more advanced search options go to http://www.itcarlow.ie/library/services/eds.htm. You can also connect directly by using that URL.

To get a good list of full-text results from journals, it is recommended that the following result list limiters are applied:

When you have decided on the title you wish to view, click on PDF Full Text, Full Text Finder or HTML Full-Text to link to the full-text of a document. This will take you to the requested article.

Browsing Publications by Discipline

It is possible to search publications by subject. On the search results page to browse the listing of available publications by discipline click on the Publications tab (top of screen).

This will display a listing of available Library resources by discipline area.

Off-Campus Access

If you are searching off-campus, after selecting the EDS link already shown, or after completing a search and selecting a full-text link, you will be directed to a login screen. To login enter your IT network username and password (Student ID/Your Password)

Do More—Enhanced Functionality

Why not create an EBSCOhost account. This will allow you to perform such tasks as setting your user preferences, saving your favourite articles, search and journals alerts.

To set up an account:
1. Click the Sign In in the top toolbar of the screen.
